

SPECIAL PURPOSE LABELS USING A
VARIETY OF MATERIALS AND SPOT COLORS

DIGITAL LABELS

Parking permits: decals (inside or outside) for companies, condominiums, universities, etc; serial numbers and/or barcodes

Product labels: custom labels to suit any product; custom or pre-sized shapes

Name plates: Used to provide durable product identification to equipment subjected to frequent use, the elements, chemicals and solvents

Warning labels: Special purpose labels which meet ANSI/OSHA and other specifications for DANGER, WARNING, or CAUTION conditions. We know these standards and can help you design your labels.

Control panels: Lexan®, polyester, and polypropylene graphic overlays - NO dies or setup costs - CAD/CAM (Autocad, DXF DWG) files accepted; any shapes and prototypes.

To meet your application needs, we stock over 40 different materials (substrates): vinyls, polyesters, polypropylene, Lexan®, PVC, magnets, and more.
