

TRACK PRODUCE FROM FIELD TO STORE

PRODUCE TRACEABILITY LABEL

DESIGNED TO STICK ON
TOUGH SURFACES

***Quickly and efficiently tracks
the produce by scanning a bar
code label that is adhered in
the grower's field.***

MARKETS

- Produce growers

APPLICATIONS

- The label tracks each step of the shipping process to provide accountability from the growers product field to the grocery store.

FEATURES

- Proprietary adhesive found only at Ward-Kraft
- Durable, synthetic label material
- Adhesive withstands all temperatures
- Roll and fanfold options available

BENEFITS

- Labels stick tight through processing and handling
- Adhesive easily cleans off of containers with soap and water
- Provides tracking and data to check inventory and freshness
- Reduces the expenses of inventory recalls due to contamination such as salmonella
